

# Agenda

## FETS General meeting

23<sup>rd</sup> September 2015

RHUL , Physics Department, Room T125

**!! 12:30 - 16:00 !!**

### Administration

|                                   |         |
|-----------------------------------|---------|
| Finances & Status of spending     | Alan    |
| FETS schedule                     | Stephen |
| Conferences, Collaborations, .... |         |

### Brief Status Reports:

**Infrastructure** / Shielding / Laser safety / Cage / Interlocks      Mike

**Ion source & LEBT**      Dan / Scott / John

**RFQ** Update (machining, commissioning, 4 m beat pull, coupler) Peter, Gary, Saad

### MEBT

|                                               |       |
|-----------------------------------------------|-------|
| Engineering (Cavity / Dump / Manifold) Status | Pete  |
| LLRF plans                                    | Saad  |
| Quadrupoles status                            | Scott |
| Chopper                                       | Gary  |

### Beam Diagnostic

|                                            |                      |
|--------------------------------------------|----------------------|
| BPM (Button, Strip line / Test rig) status | Gary / Scott / Simon |
| Laser diagnostic at CERN                   | Stephen / Alessio    |
| Laser diagnostic at RAL                    | Ajit / Alessio       |

### AOB

**END (16:00)**

Next meetings:

|                     |                         |                                         |
|---------------------|-------------------------|-----------------------------------------|
| <i>ExB &amp; TM</i> | <i>07 October 2015</i>  | <i>Quite room ISIS engineering, RAL</i> |
| <b>ExB &amp; GM</b> | <b>28 October 2015</b>  | <b>Now at RAL in CR11 R3</b>            |
| <i>ExB &amp; TM</i> | <i>18 November 2015</i> | <i>CR6, R2, RAL</i>                     |
| <b>ExB &amp; GM</b> | <b>09 December 2015</b> | <b>CR11, R3, RAL</b>                    |
| <i>ExB &amp; TM</i> | <i>16 December 2015</i> | <i>CR6, R2, RAL (if required)</i>       |
