

# ISIS Crystallography User Group Meeting

## PCG/SCMP Winter Meeting

### “Current Research in Physical Crystallography”

The ISIS crystallography user group meeting will be held in conjunction with the winter meeting of the Physical Crystallography Group of the British Crystallographical Association and the Structural Condensed Matter Physics Group of the Institute of Physics. The meeting is themed “Current research in physical crystallography”.

The meeting will be at the Cosener’s House, Abingdon, 15-16<sup>th</sup> November 2010.

#### Very Provisional Programme

##### Monday 15<sup>th</sup> November

- |               |  |
|---------------|--|
| 12:15 – 13:00 | <i>Buffet Lunch</i>                                      |
| 13:00         | Chairman’s Welcome<br><i>Phil Lightfoot (St Andrews)</i> |
| 13:10 – 13:40 | ISIS Facility Update                                     |
| 13:40 – 14:10 | Crystallography Update                                   |
| 14:10 – 15:00 | Discussion   |
| 15:00 – 15:40 | Invited scientific presentation                          |
| 15:40 – 16:10 | <i>Tea</i>   |
| 16:10 – 16:55 | A series of short contributed talks by young researchers |
| 16:55 – 17:35 | Invited scientific presentation                          |
| 18:00 – 19:30 | <i>Posters followed by Dinner</i>                        |

##### Tuesday 16<sup>th</sup> November

- |               |   |
|---------------|---|
| 9:00 – 9:10   | Introduction from the BCA President<br><i>Elsbeth Garman (Oxford)</i> |
| 9:10 – 10:55  | Three invited scientific presentations                                |
| 10:55 – 11:30 | <i>Coffee</i>   |
| 11:30 – 12:05 | Three invited scientific presentations                                |
| 13:15         | <i>Close and Buffet Lunch</i>   |
